CONTENTS

NUMBER 1

Editorial	i	
S. Chakrabarti, A. Ganguly and **M. K. Poddar**	1	Central dopaminergic–cholinergic interaction in electroacupuncture induced analgesia
L. Shampengtong, K. P. Wong and **B. C. Ho**	7	A study of dopa decarboxylase activity in mosquito, *Aedes togoi*, using high-pressure liquid chromatography with electrochemical detection (HPLC-ECD)
G. J. Alexander, L. M. Kopeloff and **R. B. Alexander**	17	Low serotonin turnover in cerebral hemispheres of rats primed with *p*-chlorophenylalanine
A. K. Ghosh, R. T. Borchardt and **A. K. Sinhababu**	25	Characterization of norepinephrine uptake in murine neuroblastoma cells, clone N-2a
M. Orosco, C. Jacquot and **Y. Cohen**	37	Monoaminergic disturbances related to obesity. Implications in the central mechanisms of anorectic drugs
R. Mennigen, J. Kusche and **K. Erpenbach**	55	Adaptive response of the rat small bowel to 70% resection: is the intestinal diamine oxidase involved in mucosal growth regulation?
L. Tilley, B. Tadolini and **C. Oriol-Audit**	69	Calcium- and polyamine-induced aggregation of phosphatidylserine- and polyphosphoinositide-containing phospholipid vesicles
G. Köster and **E. Goede**	75	Storage and metabolism of exogenous [^{3}H] adrenaline in the rat brain: a comparison with the fate of [^{3}H] noradrenaline

NUMBER 2

M. I. Míguez, M. Aldegunde, J. A. R. Veira, R. Duran and **G. Atienza**	87	Effect of GABA intracerebroventricularly administered on brain biogenic amines levels in conscious male rats
K. Drescher, L. Hetey and **H. Fink**	93	Serotonin and dopamine release from synaptosomes of the nucleus accumbens after systemic or intra-raphe administration of LSD to rats
A. Raza-Bukhari, J. J. Fernández-Ruiz, J. R. Pais, C. Alvarez Sanz and **J. A. Ramos**	103	Changes in catecholamine metabolism in adrenal medulla of adult male rats with experimentally induced hyperprolactinemia

A. V. Vetoshkin, S. L. Shelekhov, A. E. Vanin and **A. M. Fomenko**	111	REM sleep deprivation affects escape behaviour and reduced the ^{3}H-imipramine specific binding in rat platelets
J. J. Fernández-Ruiz, J. R. Pais, M. Cebeira and **J. A. Ramos**	115	Decreased dopamine turnover in striatum of female rats bearing ectopic pituitaries or with bilateral ovariectomy
A. S. Bazyan, M. B. Berkinblit and **R. I. Kruglikov**	125	Regulation of noradrenaline secretion by autoreceptors. I. The stabilization of a quantity of secreted transmitter by autoreceptors, in the series of successive depolarizations
A. S. Bazyan, M. B. Berkinblit and **R. I. Kruglikov**	137	Regulation of noradrenaline secretion by autoreceptors. II. The correlation between intensity of noradrenaline secretion and the displacement in the direction of higher noradrenaline concentration of stable secretion zone, formed by α- β-autoreceptors
M. D. Collado and **E. Aguilar**	151	Serotoninergic control of growth hormone secretion in anovulatory female rats
L. N. Maslova, E. M. Nikulina, S. B. Lurie, N. K. Popova and **E. V. Naumenko**	161	Effect of α-methyl-DL-tyrosine treatment in early postnatal ontogenesis upon the adrenocortical function of adult rats
E. Mignot, A. Garcia, D. Laude, J.-L. Elghozi, P. Guicheney, J.-C. Gilbert, J.-M. Alby, O. Plaisant, Q. Debray, Y. Pelicier and **P. Meyer**	169	Value of plasma HVA level in human: influence of renal function, food intake and psychiatric state
A. M. Gardier, J. H. Trouvin, M. Orosco, S. Nicolaidis and **C. Jacquot**	177	Biogenic amines and turnover in discrete rat hypothalamic and amygdalar feeding related structures by an improved LC-ECD assay

NUMBER 3/4

Preface	i	
S. H. Snyder and **R. R. Trifiletti**	191	Drug and neurotransmitter receptors: synaptic principles elucidated by GABA and benzodiazepines
A. Carlsson, C.-G. Gottfries, S.-Å. Eckernäs, I. Alafuzoff and **B. Winblad**	199	Neurotransmitter changes in dementia: failure to demonstrate relation to histopathologic lesions or multiple infarctions
R. L. Copeland, Jr. and **S. N. Pradhan**	205	Effect of morphine on central neurotransmitters in the rat
O. Nilsson, H. Ahlman and **A. Dahlström**	215	Growth of small intestinal transplants in the anterior eye chamber of the rat. A histochemical study on the development of enterochromaffin cells and adrenergic nerve fibres in intraocular transplants
R. Morgenstern, H. Fink, T. Ott and **S. H. Parvez**	225	Interaction of serotonergic and dopaminergic transmission systems in mesolimbic structures: target for the action of classical and atypical neuroleptics

M. E. Otero Losada	239	Corticosterone-induced acute changes on biogenic amines' levels in some areas of the rat brain
N. N. Osborne, B. Morgan, H. Ghazi and **D. W. Beaton**	249	Correlation between vimentin, GABA and GFAP immunoreactivities and ^{3}H-GABA and ^{3}H-taurine uptake in intact rabbit retina and retinal cell cultures
W. Birkmayer, P. Riederer and **C. Emich**	269	Treatment of Parkinson's disease with the abeorphine CI 201-678, a rigid analogue of dopamine
R. Kvetňanský, G. B. Makara, Z. Opršalová, M. Dobrakovová and **D. Jezová**	275	Increased basal and stress-induced sympathetic activity in rats with lesion or deafferentation of the medial basal hypothalamus

NUMBER 5

I. S. Zavodskaya, E. V. Moreva and **V. V. Bulion**	291	Biogenic amines in central mechanisms of neurogenic visceral alterations
U. Wingren, H. Ahlman, A. Dahlström and **L. Enerbäck**	297	Endoluminal secretion of serotonin and histamine into the small intestine of normal and nematode-infected rats
T. V. Grekhova, G. A. Romanova and **A. N. Sovetov**	307	On the serotoninergic link in the compensatory recovery process in the central nervous system in rats after injury
T. Kumazawa and **O. Suzuki**	313	Occurrence of N^8-acetylspermidine-deacetylating activities in catfish tissues
M. Chandra and **M. K. Poddar**	317	Aldrin-induced change in developing rat brain serotonin
C. Annamma and **T. Desiraju**	323	Deviations in brain development of F2 generational calorie undernutrition and scope of their prevention by rehabilitation: imbalances in the levels of noradrenaline, dopamine and serotonin in different brain regions
T. Nakazato, A. Akiyama and **A. Shimizu**	339	Microcomputer-controlled *in vivo* voltammetry
E. A. Gromova, T. P. Semyonova and **N. I. Grishchenko**	351	6-Hydroxydopamine effect on the learning of animals with emotionally different reinforcement
L. Hetey, E. Döring, T. Ott, B. Penke and **P. Henklein**	363	Functional interaction of presynaptic cholecystokinin and dopamine receptors modulating dopamine release in the nucleus accumbens of rats
G. Cvijić, V. Janić-Šibalić and **V. M. Petrović**	369	The effect of dexamethasone on the metabolism of catecholamines in the rat hypothalamus and brain stem
H. Fink, R. Morgenstern and **T. Ott**	379	Dopaminergic-induced locomotor effects after selective damage of locus coeruleus projections by DSP-4
G. Boschi, L. Patsouris, A. L'Helgoualc'h and **R. Rips**	387	Regional effects of TRH on biogenic amines in the mouse brain: interaction with DA and 5-HT systems
C. Agrasal, J. J. Fernández-Ruiz, M. Cebeira, J. A. F. Tresguerres, J. A. Ramos and **A. I. Esquifino**	397	Possible role of dopaminergic, noradrenergic and serotoninergic hypothalamic neurons in hyperprolactinemia-induced changes in growth hormone secretion

NUMBER 6

J. Aguilera and **F. González Sastre**	405	Regional serotonin effect caused by tetanus intoxication in rat central nervous system
G. Taugner, Ch. Heym, W. Kummer and **I. Wunderlich**	409	Nucleosidetriphosphate-ADP-phosphotransferase: a new enzyme in chromaffin vesicles
A. Ja. Grinenko, E. M. Krupitskiy, V. P. Lebedev, Ja. S. Katsnelson, G. F. Karandashova, K. A. Moshkov, V. V. Buljon, V. A. Illiukchina and **Ju. S. Borodkin**	427	Metabolism of biogenic amines during the treatment of alcohol withdrawal syndrome by transcraniai electric treatment
S. Maemura, M. Niwa and **M. Ozaki**	437	Enzymatic deconjugation of catecholamine glucuronides in rat urine and plasma using β-glucuronidase from rat preputial glands
P. C. Baker and **K. M. Hoff**	447	The effects of amphetamine upon the indoleamine stores of the maturing mouse brain
H. Seno, T. Kumazawa and **O. Suzuki**	455	*In vitro* inhibition of human platelet monoamine oxidase by various butyrophenones
A. Ajima and **T. Kato**	461	Brain dialysis: detection of acetylcholine release in the striatum, hippocampus and frontal cortex of freely moving rats
H. Kameda, M. Minami, M. Yoshioka and **H. Saito**	465	The effects of ICS 205-930, a novel 5-HT_3 antagonist, on the responses to 5-HT in the guinea pig ileum and trachea
M. R. Ray, P. S. Dasgupta, S. Basu and **T. Lahiri**	475	Dopamine inhibits tumor growth and concomitantly stimulates erythrocyte and platelet production in experimental tumor bearing mice
Y. Maruoka, H. Saito, H. Tanaka, T. Nakajima and **K. Yazawa**	483	Determination of catecholamines and their metabolites in urine of *Suncus murinus*
T. Ito, K. Fujita, S. Matsuura and **T. Nagatsu**	489	Treatment of depression with (6*R*)-tetrahydrobiopterin, the natural cofactor of tyrosine hydroxylase and tryptophan hydroxylase
S. Koizumi, H. Iinuma, T. Takeuchi, H. Umezawa and **T. Nagatsu**	495	Activation of phenylalanine hydroxylase by a protease from *Bacillus subtilis*
S. Mukhopadhyay, S. K. Ray and **M. K. Poddar**	505	Environmental temperature-induced change in brain regional serotonergic activity
M. Minami, M. Senjo, H. Togashi, M. Yoshioka, H. Saito, H. Kawaguchi, K. Takebayashi and **H. Parvez**	517	Kidney glutathione S-transferase activity and kidney monoamine oxidase activity in the stroke cases of SHRSP
K. Blum and **A. H. Briggs**	527	Opioid peptides and genotypic responses to ethanol
R. Schade, W. Oelßner, K. Göhler, T. Ott, C. Pfister, P. Henklein, F. J. Furkert, Ch. Rupprich, M. Fekete, B. Penke and **I. Jojart**	535	Characterization of anti-CCK-8 antibodies raised in hens and rabbits by means of several *in vitro* and *in vivo* animal models
E. Bien, G. Skorka, H. Rex and **D. Kästner**	551	Cerebral level of ascorbic acid in developing rats
	557	Announcement
